Australia

# The Australian Constitution Centre

*To bring our Constitution to all Australians, CEFA, the High Court and the Australian Government have established the educational Australian Constitution Centre.*

The Australian Constitution Centre Exhibition opened on 9 April 2018 in the High Court of Australia, Canberra.

The Centre supports civics education on the history and operation of the system of government under the Australian Constitution.

The Centre promotes a comprehensive understanding of the six foundation principles of the Constitution including, democracy, the rule of law, separation of powers, federalism, nationhood and rights balanced by responsibilities.

The Australian Constitution Centre will further develop educational initiatives targeting three key audiences who will visit and utilise the Exhibition, the website and the education resources:

- Primary and secondary schools
- Undergraduates and first time voters
- Public outreach

Each year CEFA will measure and record the expected improvements in Australian's knowledge of and attitudes to the processes, institutions and people in our system of government.

*Please invest in civics education for our children: the future of our great country.*
